

WLC 'How To'

Quizlet

Browse, search, or create your very own simple tools that assist your students study anything for free. Engage students in learning and reviewing in a whole new manner! Get students excited about studying by igniting a friendly classroom competition.

How Quizlet works

Quizlet has no pre-determined curriculum. Students define what they need to learn, and they provide the tools. They help Art History majors learn paintings, Spanish students learn their verbs, 5th graders learn their spelling words, and new waiters learn the menus of their restaurants. The aim is to build software that any learner can use.

Six Study Modes

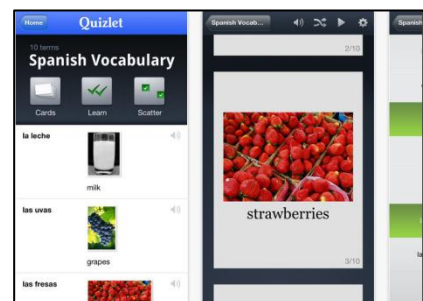

- Flashcards: Flip through and familiarize yourself with the material.
- Learn: Track your progress and review the things you got wrong.
- Scatter: Match words to their definitions and try to finish faster than your friends.
- Speller: Type what you hear. Works in 18 different languages.
- Test: Prepare for the actual test with an automatically graded quiz.
- Space Race: Earn points by typing in words before their definitions vanish off screen.

Mobile Capabilities

A mobile version of the site as well as an App for iPhones is available, which integrates with your Quizlet account. All of your study sets and account information is automatically synced. Mobile features include the following:

- Full integration with your Quizlet.com account
- Audio in 18 languages
- Search 21+ million flashcard sets
